

BILLS TO QUIET COLORADO

Five Introduced in the State Legislature, One for Arbitration Board

NO MEDIATION IN COAL STRIKE

Operators Take a Dogged Stand Against Union Men—Blame Union Leaders

Denver, Col., May 6.—Five administration measures to carry out the programme in the governor's call for the extra session were ready for introduction when the Senate and House met yesterday.

One bill would submit a constitutional amendment empowering the legislature to create a state board of arbitration to handle industrial disputes and providing for enforcing its decisions. A bond issue to cover the state's military indebtedness of nearly \$1,000,000 is proposed in another bill, providing that the bond issue be submitted to the people at the next general election.

Two other bills would give the government authority to close saloons, and prevent the sale, gift or purchase of firearms and ammunition in times of internal disorder. A fifth measure covers the proposal for the establishment of a state police force.

By virtue of political manipulation a vote in the special session of the legislature to impeach Governor E. M. Ammons because of his action in permitting the strike zone shootings apparently has been thwarted. Such a resolution has been drafted and was expected to be introduced soon after the session reconvened yesterday morning. A motion to table, according to the announcement of friends of the governor in the legislature, would be made immediately, and Ammons adherents feel certain their motion will carry.

A statement setting forth the absolute refusal of the Colorado coal operators to negotiate with representatives of the United Mine Workers of America for settlement of the coal strike in this state and defending John D. Rockefeller, jr., is in the hands of President Wilson. Twenty of the principal owning companies, exclusive of the Colorado Fuel & Iron Co., have telegraphed the president direct. The operators declare they are acting independently of Rockefeller, that his attitude has not caused or influenced their determination to make a stand against the union, and that censure and criticism of him have been unjust.

The telegram recites in detail the history of the strike and asserts that it has always been a strike for union recognition only. Other "pretended demands" formulated at the convention at Trinidad were fully guaranteed by the statutes, which have been, and are being, enforced, the telegram states. Responsibility for the lawlessness throughout Colorado during the strike is placed at the door of the officers of the union. The operators declare the union "by force of numbers, by its control of labor and by virtue of the millions of dollars forcibly collected from its members has become so powerful that its leaders are now defying organized society to thwart its plan to rule or ruin."

Nine hundred troops, comprising the 11th United States cavalry, reached Trinidad early yesterday, completing the occupancy of the southern Colorado coal fields by regulars. Disarmament will now become the dominant question in the strike, to be settled by Colonel James Lockett, who succeeds Major W. A. Holbrook as commander of the federal forces in the field.

Officers of the operating companies say they are ready to surrender the arms of their mine guards whenever and wherever the United States troops say. Substantially the same pledges have been made by the United Miners.

Washington, May 6.—Labor department officials were still silent yesterday regarding the movements of Hywell Davies and William R. Fairley, co-conspirators in the Colorado coal strike, who left Washington on Sunday.

Mr. Davies is said to be in New York conferring with John D. Rockefeller, jr. A report of the result of the first day's negotiations was expected at the labor department early yesterday, but none came.

OLNEY NOT ON RESERVE BOARD.

Former Secretary of State Sends His Declaration to the President.

Boston, May 6.—Richard Olney has addressed a letter to President Wilson formally declining the appointment as governor of the federal reserve board of the new banking system.

A SURE WAY TO END DANDRUFF

Stop Falling Hair and Itching Scalp—At Once

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it; then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need) apply it at night when retiring, use enough to saturate the scalp and rub it in gently with the finger tips. By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

If you value your hair, you should get rid of dandruff at once, for nothing destroys the hair so quickly. It not only starves the hair and makes it fall out, but it makes it stringy, straggly, dull, dry, brittle and lifeless, and everybody notices it.—Adv.

ITCHY SALT RHEUM

Sometimes Called Eczema—Removed by Hood's Sarsaparilla

Salt rheum is one of the worst and unfortunately one of the most common of all diseases. How it redens the skin, itches, oozes, dries and scales, and then does this all over again? Sometimes it covers the whole body with inflamed, burning patches and causes intense suffering.

Salt rheum comes from humors in the blood. This is why local applications do so little good. It will continue to exist, annoy, pain and perhaps agonize, until these humors have been removed.

Ask your druggist for Hood's Sarsaparilla. It goes to the source of the trouble. It cleanses the blood of the humors that cause salt rheum. It has given perfect satisfaction in thousands of cases. Get it to-day.—Adv.

MEXICO AGAIN IN PARLIAMENT

Secretary Grey Urged to Ask U. S. to Abandon Its Position in Regard to Huerta.

London, May 6.—Foreign Secretary Grey was invited by Sir John David Rees, Unionist, in the House of Commons yesterday afternoon, to ask the American government to "abandon its position that the removal of General Huerta is of greater moment than the restoration of peace and the protection of life and industry in Mexico."

The foreign secretary declined, declaring that in view of the fact that mediation had been undertaken by Argentina, Brazil, and Chile, it could serve no useful purpose for the British government to make separate proposals on its own account to either Washington or Mexico City.

The federal governor of Tampico, the secretary continued, had given assurances that the employees of the companies operating oil wells in that district might return, while General Huerta had promised to issue orders permitting all nationalities to return and resume work, saying at the same time that he would do his best to prevent fighting in the oil district.

SUFFRAGE FIGHT ON HOUSE FLOOR

Committee Reports Women's Bill and Prohibition Measure—Can Be Pushed to Vote.

Washington, May 6.—Joint resolutions proposing amendments to the federal constitution to extend the right of suffrage to women and for nation-wide prohibition were ordered reported without recommendation to the House by judiciary committee yesterday.

The women suffrage amendment provides that the right of "citizens of the United States to vote shall not be denied or abridged by the United States or by any state on account of sex." It was introduced by Representative Mondell of Wyoming.

The prohibition amendment proposed by Representative Hobson of Alabama, prohibits the "sale, manufacture for sale, importation for sale, and exportation for sale of intoxicating liquor for beverage purposes."

It would allow Congress to regulate the traffic in liquor for "sacramental, medicinal, pharmaceutical, or scientific purposes or for use in the arts."

CONSPIRACY IS WIDE SPREAD.

LaFollette So Asserts in Speech in the Senate.

Washington, May 6.—Senator Robert M. LaFollette laid before the Senate yesterday what he declared to be evidence of a wide spread conspiracy to intimidate the control of the interstate commerce commission to grant to eastern railroads five per cent. increase in freight rates.

The Senator was speaking on the bill to make it a criminal offense to seek to influence the decision of the commission and declared the conspiracy made use of newspaper articles, editorials and advertising and that manufacturers and bankers had assailed the commission for favoring the increase.

STRANGE DISEASE CLOSES SCHOOL.

Two Deaths Already in Bedford, N. H.—Physicians Puzzled.

Manchester, N. H., May 6.—Germaine Chaput and Evet Morin are dead and other school children are seriously ill as a result of a strange disease which has caused the indefinite suspension of district school No. 4, just across the Manchester line in Bedford. So far physicians have been unable to diagnose the trouble. So many cases have developed that attendance at the school dropped from 40 to five. The Bedford town authorities are taking every means to prevent a further spread of the malady.

ROOSEVELT AT PARA.

He Will Leave by Most Direct Route for New York on Thursday.

Para, Brazil, May 6.—Theodore Roosevelt, accompanied by his son, Kermit, arrived here yesterday on the steamer Dunstan from Manaus. Two days will be spent in Para. May 7 the party will leave for New York by way of Barbados.

When Colonel Roosevelt leaves Para Thursday on the Booth liner Aidas, he will go direct to New York via Barbados. The Aidas will make the trip to New York as an extra steamer, and will not touch at Mobile as is usually the case. The ship should reach New York about May 20.

NO RECOMMENDATION.

On Suffrage and Prohibition Amendments Presented to House.

Washington, May 6.—Joint resolutions proposing amendments to the federal constitution to extend the right of suffrage to women and for nation-wide prohibition were ordered reported without recommendation to the house by the judiciary committee yesterday. This was both proposals to the house for decision without suggestions from the committee.

N.U. VICTORY A REAL GIFT

Montpelier I. A. C. Handed Collegians the Game in the Ninth

SCAMPIN'S ERRORS LARGELY RESPONSIBLE

Up to That Point Tomasi Had Pitched Winning Ball—Final Score 5 to 3

After having almost sure victory in their grasp, the Montpelier I. A. C. handed a game to Norwich university in the ninth inning at the Berlin street grounds yesterday afternoon, 5 to 3, due largely to poor work by First Baseman Scampini. Up to that point young Tomasi, the Spaulding high twirler, had the game well in hand, his team leading, 3 to 0.

There were two down in the ninth when Scampini dropped Giacuzzi's throw on Mahard's weak tap. Then Viano popped up a weak fly, which Scampini signaled for and lost, Mahard going to third. O'Dowd at this point rolled a timid grounder to Johnston, who was playing deep short and was unable to field the ball in time, Mahard scoring. Tomasi stepped in and passed Keefe. Munsell dropped a Texas-leaguer in short left that Laird didn't get under, the ball perambulating past him and three runners going in. A passed ball sent Munsell to third and then Smith hammered a grounder through Scampini, and the fifth run of the inning crossed the rubber. Thompson finally ended the inning by flying out to right field.

The M. I. A. C. scored twice in the fourth on hits by Giacuzzi, Fowle and Laird, the last being a triple, and once in the seventh when Tomasi got a life on Mahard's loss of his high fly, a stolen base, a wild pitch and an out at first. The score:

Notes of the Game.

The grounds at Berlin street are in very poor condition. The surface is heavy, and fast playing is beyond expectation. It will be a matter of 10 days yet before the grounds are in fast order.

Although playing under the caption of the Montpelier I. A. C. but two players claiming such residence were to be unearthed in the lineup. The team is managed by Antonio Broggi of this city.

Munsell was a feared man by the local lads with his powerful right arm.

Viano, Smith and Keefe exhibited signs of developing into a very effective trio of infielders for the Norwich institution. The work of the trio yesterday was of the most superb order.

"Jum" Laird was the big stickler of the day. He negotiated a brace of hits, one being a long three-sacker.

THREE KILLED IN CAR CRASH.

Thirty-Six Others Are Seriously Injured in Accident in Detroit.

Detroit, Mich., May 6.—Three persons, including the two motorists, were killed and thirty-six others seriously injured when two crowded street cars met head-on here yesterday. Practically all of the victims were foreigners who were employed in a local automobile factory.

LACK OF FRESH AIR

Causes Run-Down Condition—How to Keep Strong

Statistics prove that the death rate is very much greater in the winter months than in summer, and that the lack of fresh air is largely responsible for this condition.

If the system becomes rundown, blood thin and watery, circulation poor, no appetite, don't dose with drugs, but take our delicious cod liver and iron tonic, Vinol, not a patent medicine, as everything in it is named on every package, and if it does not give you a hearty appetite, enrich the blood and create strength, we will return your money; that shows our faith in Vinol.

A case has just come to our attention from Knoxville, Tenn. Miss Carrie King says: "For three years I was all run down, weak, had no appetite, and after all that time I am glad to say Vinol has brought back my health and strength."

Try a bottle of Vinol, on our guarantee. Red Cross Pharmacy, Floyd G. Russell, Barre, Vt.

P. S.—For eczema of scalp, try our Saxe Salve. We guarantee it.—Adv.

SLEUTH HELD IN FRANK CASE

Don C. Lehon of Detective Agency Under \$1,000 Bond in Connection with Affidavits.

Atlanta, Ga., May 6.—Dan C. Lehon, local representative of a national detective agency, on motion of Solicitor General Dorsey was held here yesterday under a \$1,000 appearance bond to testify before the Fulton County grand jury in connection with the case of Leo M. Frank, under death sentence for the murder of Mary Phagan, a factory girl.

Mr. Dorsey said Lehon's testimony was desired in connection with securing the affidavit of the Rev. C. B. Ragsdale, which was repudiated later. The original Ragsdale affidavit asserted that the minister had heard James Conley, a negro factory sweeper, confess that he had murdered Mary Phagan.

Hearings of the extraordinary motion for a new trial were resumed yesterday in superior court before Judge R. H. Hill.

MORE SUBPENAS IN BILLARD PROBE

Ex-Treasurer, Bookkeeper and Counsel Summoned to Appear Before Commissioner at Washington.

New Haven, Conn., May 6.—Additional subpoenas in connection with the interstate commerce commission's inquiry into the affairs of the Billard company were served yesterday, the persons named being ordered to appear before Commissioner McChord at Washington, Thursday.

Those summoned were James B. Kelly, a real estate dealer, who, according to the testimony of Harry W. Whipple, a former treasurer of the Billard company, had received five shares of stock of the company from Whipple; George S. Adams, book-keeper of the Second National bank, of which Samuel Hemmingsway, another witness, is president; Samuel C. Morehouse, counsel for the Billard company, who previously had declined to answer many questions asked of him on the ground that his relations with the company were of a confidential nature, and G. F. Linsley of Meriden. The last named was for a time a director of the Boston & Maine railroad.

GYPSY MOTH IN NEW YORK.

For First Time Large Numbers of Pest Have Been Discovered in the State.

Albany, N. Y., May 6.—For the first time in four years the gypsy moth in large numbers has been discovered within the state. The department of agriculture learned yesterday that an area of about a quarter of a mile square in Westchester county is infested. Inspectors immediately were sent there to combat the pest.
